

# All Cap Difference

2Q18

**DF DENT**  
AND COMPANY, INC.

## The DF Dent Difference:

- Focus on internal research enables independent thinking and conviction
- Disciplined approach identifies exceptional growth companies
- Concentrated portfolio enables only “Best-in-Class” companies to make the cut
- Time tested process has produced strong results in both up and down markets
- Low turnover, minimal transaction costs and long-term investment horizon results in tax efficient portfolios
- Employee ownership and independence aligns our interests with clients
- Diversity of backgrounds and experience creates differences in opinion that help to evaluate investments from multiple perspectives of personnel

## What We Look For in Investments:

1. Best-in-class operators that are **masters or creators of a market niche**
2. **Enduring franchises** with superior long-term growth opportunities and returns on investment
3. **Talented, ethical management teams** that are visionaries, strong operators AND skilled capital allocators
