Investment Approach

Our long-term goal is to achieve above-market returns with a below-market risk profile. To do this, we conduct intense fundamental research to thoroughly understand the drivers of a company's performance, construct highly selective portfolios of companies meeting our core DF Dent criteria, and let their growth compound over time.

Investment Criteria

- HIGH-QUALITY BUSINESSES**
- SUSTAINABLE GROWTH**
- TALENTED & ETHICAL MANAGEMENT**

Historical Performance

ALL CAP GROWTH PERFORMANCE Periods Ending 03/28/24

The investment results are that of the DF Dent All Cap Growth Composite. Past performance is not indicative of future results, and all investments carry the risk of loss of principal. Net performance results reflect the deduction of actual investment management fees paid by clients and the reinvestment of dividends and other earnings.

QUALITY GROWTH FOCUS

We believe that quality growth investing delivers excess returns across market cycles.

BOTTOM-UP RESEARCH

We believe stock selection is highly correlated with growth in earnings per share.

HIGH-CONVICTION PORTFOLIOS

We believe that real wealth is created by compounding long-term investments in best-in-class companies.

All data through 03/31/2024 Performance shown in the Growth of \$10,000 chart represents a hypothetical investment initiated on June 30th, 1994. The All Cap Growth Composite inception date is June 30th, 1994. The inception date of the S&P 500 Index is December 31, 1957. The inception date of the Russell 3000 Growth Index is December 29, 1995. The Russell 3000 Growth Index performance from June 30, 1994 to June 30, 1995 is back-tested performance per the index provider and sourced from FactSet. Past performance is not indicative of future results, and all investments carry the risk of loss of principal. Net performance results shown reflect the deduction of actual investment management fees paid by clients and the reinvestment of interest, capital gains, and dividends. D.F. Dent has a standard fee schedule, however actual investment management fees paid vary and depend on the size of the account and availability of breakpoints or discounts. Some accounts pay a lower, negotiated, or grandfathered fee schedule. Individual account returns can differ from composite returns shown for various reasons. The timing of investments, cashflows, differences in fee schedules, among other variables, can materially alter the performance results of your portfolio. Economic factors, market conditions, and investment strategies affect the performance of any portfolio. Index returns shown herein are provided for comparison purposes to represent the investment environment existing during the time periods shown. An index is fully invested, includes the reinvestment of dividends and capital gains, but does not include any transaction costs, management fees, or other costs. It is not possible to invest directly in an index. D.F. Dent's portfolios may hold securities that are not included in the index. Reference to an index does not imply that D.F. Dent portfolios will achieve returns or any other results similar to the index. While the information presented is believed to be reliable, no representation or warranty is made concerning the accuracy of the data presented. For more information on D.F.
