Philosophy

DF Dent and Company invests in companies we expect to grow and appreciate at levels faster than the overall economy and stock market. We look for management teams that are highly ethical and are exceptional leaders. The firm wants to invest in companies that have successful business models and are competitively differentiated. Investment success is attained by building a concentrated portfolio of companies that have attractive long-term opportunities and that operate in favorable industry sectors.

Sector Weights

The DF Dent Difference

Focus on internal research enables independent thinking and conviction

Disciplined approach identifies exceptional growth companies

Concentrated portfolio enables only “Best-in-Class” companies to make the cut

Time-tested process has produced strong results in both up and down markets for over 40 years

Low turnover, minimal transaction costs and long-term investment horizon result in tax-efficient portfolios

Employee ownership and independence align our interests with clients

Diversity of backgrounds and experience create differences in opinion that help to evaluate investments from multiple analytical perspectives

Past performance does not guarantee future results. Returns include reinvestment of dividends and other earnings.

How We Add Value

Research - We are intensely focused on our internal research process and finding great stocks, *not* on marketing.

Consistency - We are patient investors, have a steadfast investment philosophy and share a uniquely stable workforce.

Culture - We have a strong corporate culture that puts client interests first, encourages diversity of thought, shares a passion for investing, and promotes integrity above all else.

Active Share

Represents the share of portfolio holdings that differ from the benchmark

0-20% - passive

20-60% - "closet indexers"

60% and above - active managers

Studies show that over the long term, portfolios with the highest active share significantly outperform*
